Fundamentals of RTI Connext

Learning plan

SHARE

Learning plan description

The *Fundamentals of RTI Connext* learning plan covers very quickly the most basic concepts you need to know in order to begin using Connext. It is a very simple introduction built to create awareness about those basic concepts, so it cannot be considered a full training.

With this course you will also learn about which tools and features Connext provides to ease your task of building a distributed system.

Show more ⌄

This course is targeted for everyone who wants to learn the basics of Connext (Developers, Project Managers, Architects, etc.).

Prerequisites: No previous knowledge about Connext is required for this course.

Courses in the Learning plan

7 E-learning | 2h 52m average time
